## About Forever Hounds Trust

Forever Hounds Trust has been rescuing, caring for and homing greyhounds, lurchers and other sighthounds for over 22 years.

Our charity has built a strong reputation in sighthound welfare, and we stop the suffering of greyhounds and lurchers, through rescue, rehabilitation and homing. We rent spaces in kennels across England to care for sighthounds in need. As well as the safety of kennels, dogs are assessed, given emergency medical care, preventative treatments, dental care, and any behavioural support they require, together with neutering and micro-chipping. Once we have found them their forever home, new families receive ongoing support and advice from our qualified behaviourists, for the dog's life.

## Why Your Support is So Important to Us

Just one recent example of how Forever Hounds Trust can turn a dog's life around is Trooper (pictured). Trooper was abandoned in an Irish pound just days after he had run his seventh race. His days were numbered. He was underweight, covered in pressure sores and terrified of humans. Our volunteers saved him and nursed him until he was fit enough to travel and come into our care.

He would hide in his kennel hoping we would leave him alone. He had clearly never been inside a family home or shown any affection in his young life.

With a gentle, hands-off approach, he began to trust one person and then another, and life became a little less scary. We moved him into one of our experienced foster homes so he could slowly gain confidence.

This great foster home gave Trooper the best tools possible to set him up for success in his forever home. We were fortunate that the perfect home came up for him very quickly; a family experienced enough to help Trooper flourish, and give him all the space he needs.

It is fantastic to see him safe and loved in his forever home, free from risk and harm.
